

FTTH 4 Terminal Box

38020001

FTTH (Fiber to the Home) Terminal Box for 4 Simplex SC/APC Couplers and Pigtails. The removable front panel supports up to 4 port SC simplex or 4 LC duplex with SC footprint. This termination box features an integrated 12 splice sleeve holder and cable management wire guides inside the enclosure. Constructed from metal and finished in a resistant light grey coating, this box helps protect your fiber connections from harsh outdoor environments. In addition, the enclosure also features a single door with locking mechanism for security. This fiber box is commonly used for residential, apartment, business buildings, etc.

Applications:

- FTTH Access Networks
- Telecommunication Networks
- CATV Networks
- Data Communications Networks
- Local Area Networks

Description:

- Cable management tray designed to securely and safely hold your fiber strands.
- Low profile wall mounted Fiber to the Home (FTTH) design.
- Integrated mounting holes for securing to any flat surface.
- (SC simplex or LC duplex couplers not included).

Basic unit includes:

- 1 x Fiber termination box
- 1 x Fiber sleeve holder
- 4 x Fiber protection sleeves
- 8 x Small screws for fiber adapter
- 5 x Zip ties
- 1 x Cable Gland
- 3 x Mounting screws
- 3 x Mounting tabs
